

## **SightLogix Expands Coverage in Western States; Names Warren Associates As Manufacturer's Rep**

**Princeton, NJ – March 24, 2009** – SightLogix, maker of automated [perimeter security](#) products for high-value/high-consequence infrastructure protection, has expanded its coverage in the western U.S. by naming Warren Associates as Manufacturer's Representative. Headquartered in Livermore, California, the Warren organization will represent SightLogix in northern California, northern Nevada, Hawaii, Utah, Colorado, Wyoming, New Mexico and in the El Paso, Texas area.

Founded nearly a half-century ago, Warren Associates is nationally recognized as a leader in its field. Warren has also been awarded "Rep of the Year" status by many of its manufacturers, representing several for more than 40 years.

In announcing the appointment, Dan Hearn, SightLogix vice president of sales, referred to Warren Associates as "one of the country's top rep firms, with a solid security product portfolio, and an excellent, dedicated team with extensive territory coverage."

In addition to their strong management team and experienced personnel, Warren Associates maintains a training and demonstration center that also functions as a full-featured showroom. "This is of particular benefit to SightLogix," added Hearn, "because it allows customers to utilize and interact with our [intelligent video surveillance](#) systems, so that they can experience at first-hand the [intrusion detection](#) capabilities unique to the SightLogix approach."

Long known as a leader in [automated surveillance](#) systems that provide efficient, cost-effective management of perimeters and buffer zones, SightLogix' solutions have been deployed around the world to meet the serious outdoor security needs of the transportation, energy, utility, chemical, information technology, public safety and defense industries.
