### **SightLogix<sup>®</sup> Receives Lenel Factory Certification**

*Automated Outdoor Surveillance Systems*

*Now A Member Of The Lenel OpenAccess Alliance Program*

Princeton, NJ (February 17, 2010) – SightLogix<sup>®</sup>, Inc., a supplier of [intelligent video surveillance](#) systems for [outdoor security](#) applications, has received Lenel factory certification as a member of the Lenel OpenAccess Alliance Program. The certification confirms compatibility between SightLogix automated surveillance equipment and Lenel Systems International, Inc.'s OnGuard security management system.

SightLogix' combination of edge-based [video analytics](#), large area coverage, and geospatial target tracking provides accurate and cost-effective area and [perimeter security](#). SightLogix' thermal and visible SightSensor<sup>™</sup> cameras capture detailed information over large areas, in all weather and geographic conditions, minimizing nuisance alarms and reducing infrastructure costs. Key markets for SightLogix outdoor

security products include petro-chemical, airports, seaports, mass transit/rail, public safety, Fed/Gov, data centers and other critical infrastructure applications.

“SightLogix has completed required factory testing at Lenel to validate the functionality of its interface to OnGuard. We look forward to their continued involvement in the Lenel OpenAccess Alliance Program,” said Raffaele Ceravolo, director of strategic alliances for Lenel.

“SightLogix’ open systems design makes it easy to integrate with third-party systems,” said John Romanowich, President and CEO, SightLogix. “Our certification in the Lenel OpenAccess Alliance Program clears the way for customers to incorporate cost-effective and accurate protection of large outdoor areas and perimeters as part of their Lenel deployments.”

SightLogix' products include long and wide-range SightSensor security cameras in both visible and thermal spectrum, SightTrackers that automatically steer PTZ/dome cameras, and SightMonitor GPS target display software.
